Every harbor of any consequence on the Japanese homeland has been closed with mines, as have every harbor along the Chinese coast from Korea to the Soviet-Manchurian border.

Many hundreds of thousands of tons of Japanese shipping have been sunk by three big U.S. Navy Superforts from Okinawa said that the 10,000-ton Japanese ship Kurewa was threatened with additional damage as it lay on the Chinese coast.

Big Three Highlights

By The Canadian Press
Highlights of the report of the Big Three conference at Potsdam.

Prime Minister Attlee, President Truman and Generalissimo Stalin agreed to renew confidence that their governments and peoples, together with the other United Nations, will ensure the peace of a just and enduring peace.

German militarism and Nazism will be eliminated as the Allies will take in agreements together, now and in the future, the other measures necessary to ensure the peace of a just and enduring peace.

It is not the intention of the Allies to destroy or enslave the German people, it is the intention of the Allies that the German people be given the opportunity to prepare for the eventual reconstruction of their life in a democratic and peaceful basis.

In order to eliminate German's war potential, the production of arms, ammunition and implements of war as well as all types of aircraft and sea-going ships shall be prohibited and prevented.

At the earliest practicable date, the German economy shall be centralized for the purpose of eliminating the present excessive concentration of economic power as exemplified in particular by cartels, syndicates, trusts and other monopolistic arrangements.

For their part, the three governments have indicated the qualification of a peace treaty for Italy as the first among equals and the important task to be undertaken by the new coalition of foreign ministers.

Italy has freed herself from the Fascist regime and is making good progress towards the establishment of a democratic government and institutions.

The three governments will not have any application for membership in the United Nations organization put forward by the present Fascist government, which having been founded with the support of the Axis powers, does not deserve its origins, its nature, its record, and its close association with the aggressor state, possess the qualifications necessary to justify such membership.

U.S. Battle Losses

Jap "Butcher"
Gen. Yamashita
Reported Killed
In Aerial Attack

From CP, AP and BUP dispatches
GENERAL MACARTHUR'S HEADQUARTERS, Aug. 3.—Secretary of the War Department announced today that Gen. Tomoyuki Yamashita, commander of the Japanese forces in the Philippines, has been killed in an air raid.

Naval Haggo, spokesman, acting as scouts and guerrillas with the U.S. forces say that "The Butcher of Bataan" was killed about a month ago by bombs or machine-gun fire from a low-flying American plane.

Balanced against this report, however, was a Japanese prisoner's report that Gen. Yamashita was still alive.

Forecast Showers
In This District

Showers in the late afternoon and evening are forecast for this district, with the weather generally "cloudy and cool, with rain tonight, clearing late Saturday."

An electric storm about midnight Thursday was followed by light rain which continued through the day, and resulted in 51 of an inch of rainfall.

Thunder and lightning accompanied the shower which started about 10 p.m. on Friday.

Maximum temperature Thursday was 76, and the minimum 56. The overnight low was 57, and at 2 p.m. it was 69.

Estimated overnight low is 32, and the high tomorrow, 62.

German Nation to Pay for Folly
Versailles Treaty Said Like "Child's Play"

By LOUIS P. LOCHNER
BERLIN, Aug. 3.—(AP)—President Truman, Premier Stalin and Prime Minister Attlee after conference last night over a period of 17 days submitted to the world a new peace treaty on their agreements throughout the world.

The conditions imposed on defeated Germany make the Versailles Treaty look like child's play.

Expect Sufficient Livestock
To Start Operations Tuesday

Canada's meat-packing strike, big and ominous only 24 hours ago, simmered out today as virtually all the 9,000 striking workers returned to their jobs in 10 cities. It is anticipated that sufficient livestock will be on hand at the Canada Packers Ltd. plant here to permit start of operations Tuesday next, a company official stated.

"Evil Genius of France"

PARIS, Aug. 3.—Pierre Laval, the man who has been called the "Evil Genius of France," was charged today with deliberately signing the Nazi-French armistice at Vichy, known, at the time he was signing the death warrant of the Third Republic.

Wants To Be Prime Minister

Son of Poor Cockney Policeman, Morrison Now High in Cabinet

This is the third of a series of dispatches dealing with personalities in the new British Labor Government. This dispatch deals with Herbert Morrison.

—EDITOR

By CHARLES T. HALLINAN
Editorial in the Vancouver Morning Star

LONDON, Aug. 3.—(BUP)—In 57 years Herbert Morrison has risen from birth as the son of a poor Cockney policeman to the Lord Presidency of the Council in the new Labor government of Britain.

He has one more ambition to satisfy—to become prime minister.

In the present cabinet he will serve as government leader in the House of Commons, a role in which his gift for sharp repartee and tactful diplomacy is expected to come to the fore.

RIVAL OF BEVIN
Political observers are divided on the question of whether Morrison will ever achieve his ambition of gaining the premiership. Intra-party rivalry, particularly between Morrison and Foreign Secretary Ernest Bevin, led to selection of the former Clement Attlee as the party's leader and put him in the prime ministership which both Morrison and Bevin covet.

Morrison is a small, sharp-eyed man with an unruly mop of hair and great energy. He wears thick spectacles.

He has flung his energies for years into the task of reforming and rebuilding London. From 1904 to 1940 he was the leader of the Labor majority on the London county council and devoted himself to vast projects in housing, sanitation and public works.

MIDDLE-OF-THE-ROAD MAN
He is regarded as a middle-of-the-road man, politically, and during his career with the London county council never had any difficulty in working closely with the big financial houses of London which handled the bond issues with which his improvements of the city were financed.

In the past two years he has made a particularly close study of the problem of nationalizing some of Britain's basic industries and of controlling others. He is virtually the only Labor leader

READS STORY OF ANOTHER BOY ADVENTURER—
Gordon "Tiny" Webster of Toronto is photographed lying on his hospital bed, after spending four days and three nights of wandering alone in the wild, tangled bush country 20 miles north of Huntsville, Ont. At the time Tony told his story he had been out of his own great adventures only 18 hours and already he was half way through Tom Sawyer. He had talked his mother into letting him stay at the camp another two weeks, had talked Percy Harris, the camp instructor, and nurse Isabel Gleason into taking him on a picnic in a canoe. He also said he was looking forward to the next hike into the woods with his cabin mates.

who has seriously studied these problems. His view is that such changes can be carried out gradually over a period of years, changing Britain's industrial pattern without any serious disruption of commerce.

In the Churchill coalition cabinet he was minister of home affairs and home security and drew some criticism from those who charged that his security measures jeopardized basic British freedoms. His defence was that the war threats fully justified interference with normal liberties and that the extraordinary powers would be relinquished soon as the threat lifted. With the

HERBERT MORRISON

end of the war in Europe he made good on his promise.

HAD TO FIGHT UP

Morrison has been forced to fight every foot of his way up. And he has not won all his fights. He was elected to the House of Commons in 1924, but he was barred from the House of Commons in 1929. He was elected in 1929 and defeated two years later. He came back to win in 1935.

This year, possibly with a look at the in-year constituency of Mackenzie South and ran in a new one, Lewisham East. There he won with ease.

Morrison is persistent. When he was a youngster in a London slum he noticed that he was barred from enjoyment at local dances because he knew nothing about dancing—he'd always had to work too hard to take out time to learn.

DANCING ENTHUSIAST

So he saved his money and finally had enough to take dancing lessons. And he was through with the lessons. He practiced audaciously and most of his slender amusement money went into the public dance-halls.

Today he is said to be the best dancer in the Labor party. He often used to work in his office until 9 p.m. and go out and dance until 1 or 2 in the morning.

He no longer can enjoy his favorite relaxation, however. He has developed a serious foot ailment which prevents him from gliding around the ballroom floor.

were killed by sniper bullets after reaching the main.

"Without hesitation and on his own initiative Cpl. Topham went forward through intense fire to replace the orderlies who had been killed before his eyes," said his citation.

"As he worked on the wounded man, he was himself shot through the nose. In spite of severe bleeding and intense pain he never faltered in his task. Having completed immediate first aid he carried the wounded man steadily and slowly back through continuous fire to the shelter of the woods."

Topham has since recovered. He returned home in June with the parachute battalion, the first Canadian air group to be sent to the front as a unit, and recently completed 20 days leave. He is the first Canadian in this war to be awarded the VC before the announcement of his award was made.

OTHER VC WINNERS

Other Canadian VCs of this war: Lt.-Col. Cecil Merritt, Vancouver, now in the 1st Canadian Airborne VC for heroism at Durpie, Aug. 13, 1942.

Capt. F. T. Peters of Prince Edward Island and Nelson, B.C., was posthumously awarded the VC when his Royal Navy ship was sunk by the boom of Oran during North African landings, Nov. 8, 1942.

Lt.-Col. Paul Triquet, Canso, Que., won the VC for bravery with 2nd Regiment at Cassin, Italy, Dec. 14, 1943.

Maj. Charles Ferguson Hays, Duncan, B.C., won the cross for action which cost him his life Feb. 17, 1944, while capturing a vital peak with a British Army unit in Burma.

Maj. John Keefe Mahony, New Westminster, B.C., decorated for continuing successful direction of the holding of an Italian bridgehead, May 14, 1945.

Flt. Lt. David E. (Bud) Hingell, Minico, Ont., won the award for pressing home a successful attack on a U-boat in June, 1944. He lost his life as a result of action.

Maj. David Vivian Currie, Moose Jaw, Sask., won the VC, Aug. 18, 1944, for blocking and holding the main German escape routes out of the Hilde pocket.

CINEMAN WAR

Pt. Ernest Alvin (Smoke) Smith, New Westminster, B.C., won the cross for a one-man attack on enemy tanks at the Savio River in Italy, Oct. 21, 1944.

Maj. Frederick Albert Tiltson, Windsor, Ont., and Toronto, won the VC while leading a company of the Essex Scottish regiment during heavy fighting in the Hochwald Forest. He suffered the loss of both legs.

Sgt. Aubrey Coates, Latchford, Ont., was awarded the Cross posthumously for action that made possible the early capture of the village of Mombach in Holland.

LATEST VC WINNER

SPECTACULAR OFF AWARD
TORONTO, Aug. 3.—(CP)—Cpl. T. G. (Topham) Topham, 22, Canada's newest Victoria Cross winner, was somewhat skeptical when he learned that he had been awarded the Empire's highest gallantry decoration.

"It's hard to believe," said Topham, shaking his head. "Are you sure it's the VC?"

A six-foot-two-inch paratrooper, Topham was spending the last hours of a 30-day leave at his home when the award arrived. He beamed when finally convinced the news was authentic, but said: "Every fellow in the outfit would have done the same as I did if he had had the chance."

TREATED CASUALTIES

Topham's citation told how, as a medical orderly, he parachuted unarmed into Germany and treated casualties under heavy enemy fire even after two of his comrades had been killed before his eyes and after a sniper bullet had smashed through his leg.

"There wasn't much to it," said Topham when asked for his version of the action which took place near Wessel, Germany, last March. "We jumped from about 600 feet and I was lucky enough to get down in one piece. Some of the boys were hit and as a medical orderly it was my job to look after them. That's all."

But when he saw Topham in their arrival home with him in June.

SAID SENSATION
"The guy was a sensation," said a paratrooper. "As a medical orderly he was a Red Cross and, of course, was untrained. As soon as we hit the ground, Jerry threw everything at us and a lot of the boys were hit. Topham was everywhere, patching up fellows and carrying them to safety."

"He was bound to catch it sooner or later but he didn't pay the least attention to the most intense fire. Finally a sniper got him through the bridge of his nose. That shook him but it didn't stop him. He was bleeding badly but he kept on pulling and dragging wounded men to cover. A lot of fellows owe their lives to Topham."

Topham said he had no idea how many men he carried to safety, because "you don't stop to count them when it's that important."

LOOKED AFTER SNIPER
He still bears the mark of the sniper's bullet, where broke his nose. "But the sniper won't get any more of our fellows," he said. "The boys looked after him for me."

Topham's family was overjoyed by the news of his award.

Topham said he wasn't looking forward to the publicity he knew he would receive as a result of his award.

"If you have to say something, be sure you mention Cpl. P. G. Costigan of Stettin, Air-

ber, our medical officer," he asked. "Any one of us would have gone anywhere or done anything for that man."

It was his training that helped him get through it all. And he said he was just as good a job as he could do. Don't forget to mention them.

Wheat Carry-Over Lower Than Expected Month Ago

OTTAWA, Aug. 3.—(CP)—The Dominion Bureau of Statistics reported yesterday that it now was evident that the carry-over of old wheat in North America in the recent crop year will be substantially lower than was expected a month ago.

The reduction has resulted from a heavier export movement than has been anticipated, said the bureau. It now appears that the combined carry-over of old wheat in Canada and the United States at the end of their respective crop years will not exceed 550,000 bushels, a year ago the carry-over totaled 672,000 bushels.

The United States now is harvesting a bumper crop which is expected to yield 1,129,000 bushels, or 20,000,000 bushels more than the record output of last year. Domestic disappearance will continue heavy and exports are expected to be very large.

SUPPLY AVAILABLE

The supply of wheat available to meet these increased demands will be about equal to that of 1944-45. While increased exports do not permit the maintenance of the present level of year-end stocks, it is not anticipated that wheat supplies at the present level of year-end stocks will be held over into the next crop year.

Canada's prospective year-end stocks of wheat is being rapidly whittled away by the export program, said the bureau. Overseas shipments of wheat and wheat flour have passed the 4,000,000 bushel mark during the first months of May and June.

Total exports for the crop year ended June 30, 1945, amounted to 1,943,440 bushels. An official estimate of the carryover will be issued about Aug. 12. It does not appear likely that more than 250,000 bushels of old wheat will be held over into the next crop year.

STOCKS ARE LOWER

Stocks of wheat in both Australia and Argentina on July 1 were below those of a year ago. Australia was holding only 41,000 bushels, while a recent official release estimated the unsold exportable surplus in Argentina at 105,000 bushels.

Since Australia held 157,000 bushels of wheat at July 1, 1944, and Argentina an exportable surplus of nearly 200,000 bushels, the last year has witnessed a sharp reduction in the wheat stocks of these two major export countries.

While the prospects for the Canadian spring wheat crop are bright in some sections, of the prairie many farmers will find that the present harvest limitations of deliveries will cover all the wheat which they have to sell. It is not unlikely that Canada's exports of spring wheat in 1945-46 will not exceed her production which would mean a greatly reduced carry-over at the end of July, 1946.

Conditions in Australia have improved tremendously with above-average rainfall being received during June. Weather conditions in Argentina have been less favorable during the planting season with cold weather and a continued lack of rain.

The outlook for grain in Europe this year is reported to be the poorest of the entire war period. Although the yields of both food and feed grains are below average, what has made the poorest showing.

Seeded acreages of winter grains were below average and fertilizer supplies have been short. The Mediterranean countries, French North Africa, Portugal, Spain and southern Italy, have suffered the most serious losses, while crops in northern Europe have fared better. The outlook in the United Kingdom is favorable although yields do not promise to be as good as last year.

Sharp Increase Shown in Stocks Creamery Butter

OTTAWA, Aug. 3.—(CP)—Creamery butter stocks in nine principal Canadian cities at Aug. 1 showed a sharp increase compared with a month previous and also were higher than a year ago, but prices a board officials said last night it did not follow that a ration increase was in sight.

Winter stocks are built up at this time of year and surpluses over current consumption will go toward meeting winter requirements. Stocks for the nine cities at Aug. 1 totaled 33,360,576 pounds as compared with 22,388,933 pounds a month previous and 33,829,203 pounds at Aug. 1, 1944.

Foundations of Peace Laid By Big Three at Potsdam

Continued from Page Six

3. The reparations claims of the United States, the United Kingdom and other countries, and the reparations shall be met from the German zone of occupation. The USSR shall receive additionally from the western zones.

RECEIVE ADDITIONALLY
4. In addition to the reparations to be taken by the USSR from its own zone of occupation, the USSR shall receive additionally from the western zones:

- (a) 15 per cent of such usable and complete industrial capital equipment in the first place from the metallurgical, chemical and machine manufacturing industries, as is unnecessary for the German peace economy and should be removed from the western zone of occupation. In exchange for an equivalent value of food, coal, potash, zinc, timber, clay products, petroleum products, and such other commodities as may be agreed upon.
- (b) 10 per cent of such industrial capital equipment as is unnecessary for the German peace economy and should be removed from the western zone of occupation. In exchange for an equivalent value of food, coal, potash, zinc, timber, clay products, petroleum products, and such other commodities as may be agreed upon.

Removals of equipment as provided in (a) and (b) above shall be made simultaneously.
5. The amount of equipment to be removed from the western zone on account of reparations must be determined within six months from the date of the agreement.

START AT ONCE

6. Removals of industrial capital equipment shall begin as soon as possible and shall be completed within two years from the date of the agreement specified in paragraph 5. The delivery of products covered by (a) above shall begin as soon as possible and shall be made by the USSR in agreed installments within five years of the date hereof. The determination of the amount and character of the industrial capital equipment unnecessary for the German peace economy and the reparations available for reparations shall be made by the control commission under policies fixed by the Allied Commission on Reparations, with the participation of France, subject to the final approval of the zone commander in the zone from which the equipment is to be removed.
7. Prior to the fixing of the total amount of equipment subject to removal, advance deliveries shall be made in respect of such equipment as will be determined to be eligible for delivery in accordance with the procedure set forth in the last sentence of paragraph 6.

RENOUNCES CLAIMS

8. The Soviet government renounces all claims in respect of reparations to shares of German enterprises which are located in the western zone of occupation in Germany as well as to German foreign assets in all countries except those specified in paragraph 3 below.

9. The American, the United Kingdom and the United States of America renounce their claims in respect of reparations to shares of German enterprises which are located in the eastern zone of occupation in Germany, as well as to German foreign assets in Bulgaria, Finland, Hungary, Rumania and eastern Austria.

10. The Soviet government makes no claim to gold captured by the Allied troops in Germany.

V. Disposal of German Navy and Merchant Marine

The conference agreed in principle upon arrangements for the use and disposal of the surrendered German fleet and merchant ships. It was decided that the three governments would appoint experts to work out together detailed plans to give effect to the agreed principles. A further joint statement will be published simultaneously by the three governments in due course.

VI. City of Königsberg and the Adjacent Area

The conference examined a proposal by the Soviet government that pending the final determination of territorial questions at the peace settlement the section of the eastern frontier of the Soviet Socialist Republics which is adjacent to the Baltic Sea should pass from a point on the eastern shore of the Bay of Danzig to the point of Braunsberg to the meeting point of the frontier of the Soviet Socialist Republics with the German Democratic Republic.

AT BUCKINGHAM. — Lt. Gen. Charles Foulkes, 41, of Kingston and London, Ont., at the All-Canadian Investigative held this month at Buckingham Palace, where he received the Distinguished Service Order, and the honor, Companion of the Order of the Bath. Gen. Foulkes, Commander of the First Canadian Corps, received the capitulation of the Germans in Holland. He will replace Lt. Gen. J. C. Murphy as Chief of the General Staff in September.

The conference has agreed in principle to the proposal of the Soviet government concerning the ultimate transfer to the Soviet Union of the city of Königsberg and the area adjacent to it as described above subject to expert examination of the actual frontier.

The President of the United States and the British Prime Minister have declared that they will support the proposal of the conference at the forthcoming peace settlement.

VII. War Criminals

The three governments have taken note of the discussions which have been proceeding in recent

weeks in London between British, United States, Soviet and French representatives with a view to reaching agreement on the methods of trial of these major war criminals whose crimes under the Moscow Declaration of October, 1943, have no particular geographical localization. The three governments reaffirm their intention to bring these criminals to swift and sure justice. They hope that the negotiations in London will result in speedy agreement being reached for this purpose, and they regard it as a matter of great importance that the trial of these major criminals begin at the earliest possible date. The first list of defendants will be published before Sept. 1.

VIII. Austria

The conference examined a proposal by the Soviet government to the extension of the authority of the Austrian provisional government to all of Austria.

The three governments agreed that they were prepared to examine this question after the entry of the British and American forces into the city of Vienna.

IX. Poland

The conference considered questions relating to the Polish provisional government and the western boundary of Poland.

On the Polish provisional government of National Unity they defined their attitude in the following statement:

(a) We have taken note with pleasure of the agreement reached among representative Poles from Poland and abroad which has made possible the formation, in accordance with the decisions reached at the Crimea Conference, of a Polish provisional government of National Unity recognized by the three powers. The establishment of the British and United States governments of diplomatic relations with the Polish provisional government has resulted in the withdrawal of the Polish government in London, which no longer exists.

PROTECT INTEREST

The British and United States governments have taken measures to protect the interest of the Polish provisional government as the recognized government of the Polish state in the property belonging to the Polish state located in their territories and under their control, whatever the form of this property may be. They have further taken measures to prevent alienation to third parties of such property. The Polish provisional government has proper facilities will be given to the Polish provisional government for the exercise of the ordinary legal remedies for the recovery of any property belonging to the Polish state which may have been wrongfully alienated.

The three powers are anxious to assist the Polish provisional government in facilitating the return to Poland as soon as practicable of all Poles abroad who wish to go, including members of the Polish armed forces and the merchant marine. They expect that those Poles who return home shall be accorded personal and property rights on the same basis as all Polish citizens.

The three powers note that the Polish provisional government in accordance with the decisions of the Crimea Conference has agreed

GERMAN MARKS HELP KILL TIME ON TROOPSHIP.—To help keep their minds off the dragging hours as the troopship Stratheden ploughs up the St. Lawrence towards Quebec City, these two battle-toughened veterans of the European war hit on the idea of gambling for each other's board of German marks. Both men are wearing the new Pacific Force flannels but before going to Kentucky for pre-Pacific training, they have at least 30 days leave at home to look forward to. Left to right they are T. R. possible for the three governments to fulfill their desire to support an application from Italy for membership in the League of Nations.

PEACE TREATIES

The three governments have also charged the council of foreign ministers with the task of preparing peace treaties for Bulgaria, Finland, Hungary and Rumania. The conclusion of peace treaties with recognized democratic governments in these states will also enable the three governments to support applications from them for membership of the United Nations.

The three governments agree to examine each separately in the near future, in the light of the conditions then prevailing, the question of diplomatic relations with Finland, Rumania, Bulgaria and Hungary to the extent possible prior to the conclusion of peace treaties with these countries.

The three governments have no doubt that in view of the changed conditions resulting from the termination of the war in Europe, representatives of the Allied press will enjoy full freedom to report to the world upon developments in Rumania, Bulgaria, Hungary and Finland.

As regards the admission of other states into the United Nations organization, Article 4 of the Charter of the United Nations provides that "Membership in the United Nations is open to all other peace-loving states which accept the obligations contained in the present Charter and, in the judgment of the organization, are able and willing to carry out these obligations."

ASSEMBLY DECISION

The admission of any such state to membership in the United Nations will be effected by a decision of the general assembly upon the recommendation of the security council.

The three governments, so far as they are concerned, will support applications for membership in the United Nations which have remained open during the war and which fulfill the qualifications set out above.

The three governments feel bound, however, to make it clear that they feel their part would not be fully met by the present membership of the United Nations. They are, therefore, in the process of forming a new organization, the purpose of which is to bring about the final settlement of the European war and the establishment of a new world order.

Conclusion of Peace Treaties and Admission to the United Nations Organization

The conference agreed upon the following statement of common policy for establishing, as soon as possible, the conditions of lasting peace after victory in Europe.

The three governments consider it desirable that the present anomalous position of Bulgaria, Rumania, Hungary and Rumania should be determined by the conclusion of peace treaties.

For their part the three governments have included the preparation of a peace treaty for Italy as the first among the immediate important tasks to be undertaken by the new council of foreign ministers. Italy was the first of the Axis powers to break with Germany, to whose defeat she made a material contribution, and has now joined with the Allies in the struggle against Japan. Italy has freed herself from the fascist regime and is making good progress towards the reestablishment of a democratic government and institutions. The conclusion of a peace treaty with Italy will be a necessary and desirable step towards the conclusion of peace treaties.

For their part the three governments have included the preparation of a peace treaty for Italy as the first among the immediate important tasks to be undertaken by the new council of foreign ministers. Italy was the first of the Axis powers to break with Germany, to whose defeat she made a material contribution, and has now joined with the Allies in the struggle against Japan. Italy has freed herself from the fascist regime and is making good progress towards the reestablishment of a democratic government and institutions. take place should be effected in an orderly and humane manner.

Since the influx of a large number of Germans into Germany would increase the burden of the Allied control in Germany, the Allied control in Germany should in the first instance examine the problem with special reference to the question of the equitable distribution of the Germans among the several zones of occupation. They are accordingly instructing their respective representatives on the control council to report to their governments as soon as possible the results of their inquiries. They have already ordered Germany from Poland, Czechoslovakia and Hungary, and to submit an estimate of the time and rate at which further transfers could be carried out, having regard to the present situation in Germany.

The Czechoslovak government, the Polish provisional government and the control council in Hungary are at the same time being requested to submit proposals for the equitable distribution of the Germans among the several zones of occupation.

XIV. Military Trials

During the conference there were meetings between the chiefs of staff of the three governments on questions of military affairs.

BUILDING CONSTRUCTION WORKERS MUST REGISTER

if not now Employed in the Construction Industry.

By Order of the Minister of Labour, made under National Selective Service Civilian Regulations, certain workers experienced in the construction industry must register on one of the days from the 6th to the 11th of August, 1945.

Those required to register include all male persons who:

- (a) are either skilled or unskilled building construction tradesmen or labourers, and who are not now engaged in building construction work; and
- (b) have had a total of at least two years experience, continuous or otherwise, in the construction industry since December 31st, 1936; and
- (c) have passed their 16th birthday but have not yet reached their 65th birthday.

Workers at present employed on building construction are not required to register under this special registration.

Registration shall be made—

1. At the nearest Local Employment Office of the National Employment Service; or
2. At the nearest Post Office if a person does not live in a city or town in which a Local Office of the National Employment Service is located, nor within 5 miles of such a city or town.

Home construction is vital to the welfare of Canada.

Returning veterans must have living accommodation.

Experienced building construction workers—whether tradesmen or labourers—are urgently required.

If you are a construction worker not now working in the construction industry, you must register as here stated—but you should do more. You should offer your services immediately for transfer to the construction industry, so that you may help in providing the homes so urgently needed.

Local Employment Offices will be open Evenings till 9:00 p.m. to take registrations, from Monday, Aug. 6th to Friday, Aug. 10th.

NEW YORK, Aug. 3.—(BUP)—Without any intent to rush a fellow who can file a strong claim to being the busiest man in America these days, it appears that the time has come for Defence Transportation Director J. Monroe Johnson to say once and for all if the world series can be played.

Up to now there has not been the slightest doubt in the mind of any ball player that somehow the annual classic will get underway on schedule in the month of October. Now, however, the owners expressed any concern in the matter, leaving the saving impression that the edict of Johnson seriously when he said that the series could not be played unless both teams were from the same city.

With the approach of August, the major league races reach the showdown stage and the players on outstanding teams are developing a strong curiosity over whether they are playing for fun or funds.

Without a world series there can't be any fast player cuts for the pennant winning teams and the lesser shares for the members of the other six first division squads. If the players begin to have their doubts that the series can be played, there is likely to be a noticeable let down at a time when the calibre of play should be at its finest.

MOST PUZZLING
PETERSON Johnson isn't in a position to say even conditionally whether the transportation crisis will be eased sufficiently to play the series two months from now. But what has been most puzzling from the start was his green light for a one-city series.

Actually the principal objection to playing the world series was not in the transportation requirement for the two teams and the minimum of officials necessary to stage it.

What caused the most concern was the fact that despite restrictions on railroad tickets, thousands of fans would find a way to travel by train to see the classic. That possibility would exist even if the series were in a single city that if it were in two more the fans would have the bigger attraction of seeing from four to seven games whereas if it were split between two towns they couldn't see more than from two to four games.

As the teams hit the stretch it appears that only a late collapse can keep the Chicago Cubs and Detroit Tigers from being the world series opponents. The cities are about five hours apart and are connected by train routes that are off the transcontinental main line. Even with full squads and with team officials there would not be more than 50 members of each club travelling. And only at the middle of the series when the teams changed playing sites would it be necessary for both teams to travel at once.

SMALL PERCENTAGE
MEANWHILE, as the clubs go through the late stages of the pennant race there are 15 major league teams and from 30 to 40 minor league teams using trains and other common carriers to complete their schedules. Hence for as much as baseball itself is concerned travelling regularly for the series would be a small percentage of the total.

Another fair question is why, if the world series is to be cancelled, national tournaments such as the annual semipro show are allowed to go on. It would be a shame if the Wichita tournament, which has done so much to stimulate baseball at its very roots, should have to be a war casualty. Yet it is doubtful whether its promoter, colorful Ray Dumont, would want it to go on if the

DAIRY POOL WINS

From Packers, 7-3

In a men's intermediate football league encounter last night at Boyle Street Park, Dairy Pool defeated the Canada Packers 7-3.

Mike Melnick opened the scoring for the winners in the third inning by clouting a home run with none on base. The Packers then scored a double by Hoffister and Bingle brought them two more in the fifth.

They completed their scoring with four in the sixth. Leading the Dairy Pool was a triple by Dulcich and a double by Budzinski.

All three of the losers' runs came in the fourth frame on a single and a double by Ernie Geyson with two on.

Eaton Gets Credit For Detroit Win
DETROIT, Aug. 3.—(AP)—An official score correction Thursday gave relief pitcher Zeb Eaton credit for Detroit Tiger's 54 ninth inning American League victory over St. Louis Wednesday, instead of Frank (Stubby) Overmire, who replaced Eaton in the ninth and yielded three hits and two runs in one inning.

Eaton, who gave three hits and one run in 3-23 frames after relieving Paul (Dizzy) Trout with the Browns leading 5-0, was credited with his fourth victory of the season against a single defeat.

Civil Service Tennis

Two Pairs in Semi-Finals

Men's Open Doubles Event

Two semi-final brackets in the men's open doubles division of the Civil Service Tennis Club tournament were filled Tuesday with the Harris-Hoyle and Schmid-Holmes pairs moving ahead.

Stu Harris and Jimmy Hoyle entered the four in that event when they turned on the heat to defeat Bob Flynn and Ed Tracy in two straight, 6-0, 6-0. George Schmid and Bob Holmes moved into the semi-final by routing St. Freestons and Clara Stephens 6-1, 6-2.

Beau McAvoy was in good form to gain a bracket in the ladies' singles semifinals with a 6-0, 6-2 victory over the St. Freestons. George Schmid also entered the semifinals with a 6-2, 6-1 victory over John Calver and Lorraine Skene.

Bob Holmes and Muriel Watts staged a long battle in a men's singles game and each set was a series of long rallies. Holmes finally won out, 5-7, 6-4, 6-4.

Some very good matches are scheduled for Friday evening which should prove interesting for the large gallery following the matches.

CITIZENS OF NORTH AMERICA—To maintain border crossing rights enjoyed by the Indians, Chief Clinton Rickard of the Tuscarora tribe told representatives of Indian tribes from all parts of the province of Ontario and Quebec and the states of New York and Michigan that they "are not only citizens of Canada or the United States but citizens of North America." He made the statement at a ceremonial crossing of the Niagara river bridge by colorfully dressed Indians which marked the 18th anniversary of the reinstatement of the Jay Treaty, which allows Indians to cross the border at will without interference from immigration officials of either country. Chief Rickard is shown above with his son leading the parade.

First Practical Case Comes Fast To Young Doctor

PORT ARTHUR, Ont. Aug. 3.—

CP—Her first practical case came with unexpected swiftness to Dr. Jean Robertson, young woman doctor from Vancouver.

Speeding homeward after receiving her medical degree from McGill University, Montreal, Dr. Robertson was attending a physician at the birth of a baby girl Wednesday night aboard a C.P. passenger liner near Niagara, 75 miles east of here. The parents, bound from Heron Bay for Port Arthur, are Mr. and Mrs. George Olson.

The baby, with Mrs. Olson in hospital here yesterday, weighed six pounds, seven ounces. She has an 11-year-old brother, George.

Plane Plant Strike Averted at Coast

VANCOUVER, Aug. 3.—(CP)—

The threatened strike of some 4000 union employees of three Vancouver area Boeing Aircraft plants was averted yesterday when the company agreed to accept an arbitrator's recommendation that the workers be given a union shop agreement. A joint statement of full agreement had been reached between officials of Boeing Aircraft of Canada and the Aeronautical Association of Mechanics (A.A.M.).

Flour Production High During June

OTTAWA, Aug. 3.—(CP)—Wheat flour production in Canada in June

totalled 2,133,526 barrels, the third highest monthly output for the present crop year, the Dominion bureau of statistics reported today. The total for June 1944 was 1,790,340 barrels. Total flour production for the 11 months ended June 30 amounted to 22,335,000 barrels, compared with 22,547,314 barrels in the same period a year ago.

Apple Crop Cut

HAMILTON, Ont. Aug. 3.—(CP)—

The late drop of apples from trees has reduced the Ontario crop prospect for this year to less than 20 per cent of normal. R. L. Boul, manager of The Aldershot Cold Storage and Distribution Co., said here yesterday, following a tour of orchards in the province.

External Trade At Year's High

OTTAWA, Aug. 3.—(CP)—Value of Canada's external trade, excluding gold, totalled \$475,824,000 in June, compared with \$488,460,000 in the corresponding month of last year, the Dominion Bureau of Statistics reported yesterday. The value, however, was the highest monthly total so far this year, being \$11,068,000 higher than May.

Value of the external trade during the first six months of the year totalled \$2,843,905,000, compared with \$2,823,245,000 in the same period last year.

The value of domestic merchandise exported in June—the first full month after V.E. Day—was \$22,446,000, compared with \$343,188,000 in June, 1944. The export of items imported mainly for war purposes declined from \$107,153,000 in June, 1944, to \$117,966,000, whereas the value of other articles increased from \$178,000,000 to \$204,850,000.

MARXES MAKE NEWS—Groucho Marx, left, above, mustachioed stage, screen and radio comedian and blond actress Catherine Marie Gorcey, plan to wed, having taken out a marriage license. Marx, 54, was divorced by his first wife, Ruth, in 1942, after 22 years of marriage. His 24-year-old bride-to-be was divorced from actor Leo Gorcey, one of the original Dead End Kids, in 1944. Other newsmaking Marx is Groucho's son, Coast Guardsman Arthur J. Marx, right, pictured as he imitates his father in a radio program at a Philippine Coast Guard base. He is heard in most parts of the Southwest Pacific over an Armed Forces Radio Station.

The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

ALTHOUGH generally the Canadian veteran of World War II receives more generous benefits than his American brother-in-arms does under the American "GI Bill of Rights," the American is miles ahead of us in one particular point. And that is the provision of a government guarantee on small loans to enable over-exercised to purchase or establish small businesses.

Under the American setup the government will guarantee 50 per cent of a loan for the purchase of a home, farm or business, up to a maximum of \$2,000. (That is, on loans totaling less than \$4,000 the government will guarantee the full 50 per cent, on loans of more than \$4,000 the government guarantee is limited to \$2,000.) It is provided that the loans must not be for a period exceeding 20 years and the interest rate must not be more than 4 per cent. The government will pay the first year's interest on their guaranteed portion of the loan.

Under our Canadian set-up our veterans actually get a better deal on the purchase of a farm than the American veteran does, and on the purchase of a home he is free to take advantage of the National Housing Act if he has a small job. But when it comes to the purchase of a business the American has the better deal.

Although the Canadian veteran

can obtain limited assistance of an outright grant under his "GI Bill of Rights" credit, \$15 for every 30 days of service, \$30 for every 60 days in Canada) he gets no assistance whatever on the money market.

Suppose, for example that the returned man wants to start up a garage and repair station in some country town. Suppose, too, that he has, including his re-establishment credit, \$500 of cash. But to get the necessary tools and equipment and buildings he requires \$5,000. Under present arrangements he must go to one of the banks or other lending institutions and "go to the wall."

I have put this proposition up at a local bank manager's office and they have all given me the same answer—they could not make a loan under these circumstances. They know nothing about the man himself, nothing about his business ability, and there isn't sufficient security to justify the risk. The interest he would have to pay, even if he got the loan, would be 5 to 6 per cent.

If, however, half of such a loan were to be guaranteed by the government, these lending institutions would be only too glad to help, and they would probably be glad to loan the money at the 4 per cent maximum the Americans insist on.

NOT A HAND-OUT
This would not be in the nature of a hand-out, nor would the loan be made indiscriminately. They would be available only for those persons of good character who could persuade the lending institutions that they had a good chance of success and were capable of running the business they wished to establish.

At the present time, under the Industrial Development Bank Act, Continued on Page Twenty

WARNING

Regarding

Shooting Near Power Lines

During recent months excessive damage to our lines and equipment has been traced to indiscriminate use of rifles, frequently in the hands of minors. This damage has resulted in serious interruption of electrical service to hospitals and other important consumers.

The extent of this damage and the interruptions to our service have compelled us to request the Royal Canadian Mounted Police to apprehend and prosecute the offenders. In this connection we wish to remind parents that they are financially responsible for damages caused by minors.

The penalties provided for damage of this type are indicated in the following excerpt from the Criminal Code of Canada.

SECTION 521 OF THE CRIMINAL CODE

1. Every one is guilty of an indictable offence and liable to two years' imprisonment who wilfully,
(a) destroys, removes or damages anything which forms part of, or is used or employed in or about any electric or magnetic telegraph, electric light, telephone or fire-alarm, or in the working thereof, or for the transmission of electricity for other lawful purposes; or
(b) prevents or obstructs the sending, conveyance or delivery of any communication by any such telegraph, telephone, or fire alarm, or the transmission of electricity for any such electric light, or for any such purpose as aforesaid.

2. Every one who wilfully, by any overt act, attempts to commit any such offence is guilty of an offence and liable, on summary conviction, to a penalty not exceeding fifty dollars, or to three months' imprisonment with or without hard labor.

Stella May Doze Marries At St. Stephen's Chapel

Bridesmaids, sweethearts and friends decorated St. Stephen's College Chapel, Thursday at 3 p.m. for the wedding of Miss Stella May Doze, daughter of Mr. and Mrs. Joseph W. Doze of Edmonton, and Eli St. Paul, Frank Henshaw, RCAF, son of Mr. and Mrs. A. H. Henshaw of Hartell, Alberta. The Rev. E. J. Higgins officiated and Mrs. John Bomerian played the wedding music.

BRIDAL GOWN

Entering the church on the arm of her father, the bride was crowned in white sheer, with long lace sleeves and lovely lace at the neckline. The skirt was full and the floor length. Train was caught to her head with a coronal of orange blossoms. She carried a national bouquet of red roses and sweet peas.

Miss Florence Newman, bridesmaid, wore pink sheer, fashioned with a full skirt, long sleeves and high neckline featuring tiny flowers around its lines. She wore pink gloves and a chapel veil. Her bouquet was the same as the bride's.

Mrs. Bomerian was best man and

Rev. Hager ushered the guests to their places in the chapel.

RECEPTION

A reception to 20 guests was held in the drawing room of the Macdonald hotel and Mrs. Doze, receiving the guests, wore a two-piece crepe suit, with black accessories. A coronal of red roses pinned to her shoulder completed her ensemble.

Cook to Face Murder Trial For Hotel Fire

KENDRA, Ont. Aug. 3.—(CPI)—Patrick Leonard Kieley, 38-year-old mine cook from Pembroke, Ont., yesterday was committed to stand trial here Oct. 1 on a charge of murder arising out of the disastrous hotel fire at Red Lake, Ont., July 1 at a preliminary hearing in a district court here. Nine persons died as a result of the fire which leveled the hotel in 15 minutes and more than 30 were injured.

Kieley is charged with the murder of Gladys McCauley, hotel waitress who died from burns, although original information charged the accused with the murder of Charles M. Kieley, 60-year-old Red Lake lumberman, killed when he jumped from a third floor window.

REASON FOR SWITCH
Reason given for the switch, the court was told, was to ensure that Kieley is charged with the murder of a person whose death can be directly attributed to the fire.

Mr. Donley, defence counsel, said following the hearing that he will make application for Kieley's release under habeas corpus.

He said not one piece of evidence had been given to show that Kieley should be committed for either arson or murder.

DECLINED MOTION
Magistrate T. M. Wolfe declined a motion by defence counsel asking for the release of the accused. He said it was a preliminary hearing and not a trial, the Criminal Code says that a magistrate has only to find evidence of probable guilt at a preliminary hearing and does not have to weigh preponderance of evidence.

The evidence places the accused at the time of the fire in a position which I think justifies the court in thinking he should stand trial.

"I would refer to the strong circumstantial evidence and to the fact that the accused was the only person besides the night clerk who was in the north lobby at the time of the fire.

The witness, yesterday Raymond Mallou, hotel waitman, told the court about discovering the fire at 2 a.m. and seeing Kieley standing behind the registration desk.

The waitman said that earlier Kieley had started a fire in a box near the desk, saying he was cold.

Canada's Pension Act Is Criticized

VANCOUVER, Aug. 3.—(CPI)—Canada's pension act was criticized yesterday at the British Columbia officers' rehabilitation conference and delegates laughed when Dr. H. H. Miller, pension act critic, said that the benefit of the doubt always is given to the pension applicant.

Dr. Miller had read from the act which said the applicant is to have the benefit of the doubt.

Later, Capt. J. M. Rothery of Vancouver described the pension act as the "biggest force in Canada today. There is no humor about it. It is a tragic thing. A veteran can prove 100 times he's right, and still get nowhere."

Capt. Rothery urged that unsuccessful pension applicants be allowed to appeal to the civil courts.

The criticism is not shared by so many others. The pension act is so good, they say, that it is almost impossible to get a pension.

J. R. Reid of Ottawa, conference chairman, disagreed that pension applicants should go to the civil courts, where confidential details might be barred.

British Agents Believed Alive

LONDON, Aug. 3.—(CPI)—A Daily Telegraph correspondent, Anthony Mann, said in a dispatch today from the British occupation zone in Germany that he had heard that Maj. Richard Stevens and Capt. Sigismund Best, alleged British agents who were kidnapped by the Gestapo in the famed "Venlo incident" in Nov. 9, 1939, are alive in Germany.

Since the 55 alleged British agents on a battle ship were taken to the front line nothing had been heard of them. The foreign office never confirmed or denied the reports. British agents had been kidnapped by the Gestapo in the famed "Venlo incident" in Nov. 9, 1939, are alive in Germany.

Stevens said that while British occupation headquarters had no knowledge of the liberation of the ship, he had "positive information" that they were in Germany outside the British zone.

Fanned by Winds, Big Forest Fire In Oregon Gains
PORTLAND, Ore., Aug. 3.—(AP)—The huge Tillamook forest fire was advancing on all fronts yesterday, fanned by winds through timber dried by hot weather.

No action is under control. About 2,000 fighters are at work. Although an accurate estimate of the extent of the conflagration is impossible, fighters held to earlier statements that as many as 100,000 acres have been blackened.

The entire area, covered by large and small spruce firs, cuts up approximately 220,000 acres. It is possible that the fire area will be blackened except for small islands.

JAP VILLAGE GOES UP IN FLAMES—Low-flying Navy planes bomb flimsy Japanese homes in village of Nemuru, on Hokkaido. Smoke billows to the sky as carrier-based planes of the Third Fleet attack.

As Governor-General Marshal Alexander Enthused Over Post

By NOLAN NORGAARD
CASERTA, Italy, Aug. 3.—(AP)—Field Marshal Alexander is looking forward to his new post as Governor-General of Canada with eagerness and determination to go to Ottawa "with constructive ideas and try to make myself useful."

"I don't for a moment flatter myself that I am a statesman or a diplomat," the supreme commander of Allied forces in the Mediterranean, who distinguished himself in two wars, contented in an interview in his quarters here on a hill overlooking the sea.

The Japanese, estimated at 20,000, have moved about 150 miles north of the reformed air base at Kuchino. Their push through Chishima Island territory now has carried them within four miles of Sinking, a Kan river town 70 miles from the enemy's powerful base at Nanchang.

Meanwhile, some of the Japanese forces which pushed westward from Hunan to cover this withdrawal have reached a point northwest of Chishima, 20 miles north of Sinking. The two forces apparently were only 25 miles or less apart.

Chinese troops following in the wake of the relief columns in the Japanese occupied area, a Kiangsi highway town 72 miles southwest of Nanchang, headquarters said.

SEEK SETTLEMENT
Can Co. Strike
VANCOUVER, Aug. 3.—(CPI)—A three-day conference of provincial government, management and union representatives conferred yesterday in continued efforts to settle the seven-day-old strike at the Vancouver plant of the American Can Co. Ltd.

One vegetable canner was closed yesterday and shutdown of others handling fruit, vegetables and fish was imminent as the supply of cans ran low.

Some 500 union employees of British Columbia, left their jobs in protest against failure to obtain a union shop agreement.

Workers and fishermen face loss of thousands of dollars because of a possible shortage of cans to pack their produce. The Pacific Coast United Fruit Workers of America (UFWA) in release from storage "hot" cans lined up since the strike began.

MAY CLOSE FORESTS IN "HIGH-HAZARD" Coast Fire Areas
VICTORIA, Aug. 3.—(CPI)—In present weather conditions closure there will be no alternative but to recommend the closure of forests in the high-hazard areas of the lower mainland and southeast Vancouver Island, British Columbia forest service officials said today.

The fire in the forest and in the slash areas has reached a point where on high fire hazard areas, no new fires have been reported from the forest.

A fire hazard in the Nelson district is high with 331 men fighting 19 fires. A major fire at Duncan Lake covers five square miles. Fourteen fires are under control and 14 are reported high and inaccessible.

Australia, Britain Agree in Principle On Free Passages
CANBERRA, Aug. 3.—(CPI)—Arthur Calwell, newly-appointed minister for immigration, told the House of Representatives yesterday that Australia and Great Britain have agreed in principle on free passage for British dominion subjects and vice versa and their dependents, and assisted passage to Australia, wishing to migrate to Australia. "Australia wants and needs more British dominion subjects," he said, "and is prepared to receive them in return for the same from Great Britain."

Producers of Beef Want Plants Seized Where Strikes On
CALGARY, Aug. 3.—(CPI)—Representatives of thousands of western beef producers yesterday called upon the Dominion government to take over operation of packing plants where strikes are in progress or as an alternative, throw some of the meat plants into liquidation.

The beef producers, represented by the Canadian Cattle Raisers' Association, said that the Dominion government has been the most successful in Canada in the past few years in the matter of a happy time.

The 35-year-old Field Marshal explained "I would not normally retire until I am 60 but I feel that I have reached the age of 60 and I feel that I am going to make way for a younger man."

Field Marshal Alexander said he has a "soft of bunch" that the Japanese won't want to fight much longer and the end of the Far Eastern fighting won't be long delayed.

Bank Savings
OTTAWA, Aug. 3.—(CPI)—Parliament on deposit in Canada's central bank at June 30 had amounted to \$2,845,437,000, compared with \$2,615,000,000 at May 31, 1935, and \$2,415,000,000 at June 30, 1934.

The finance department reported that the increase in deposits was due to a combination of factors, including the fact that the government had not yet received the full amount of the loan from the United States.

Large German Areas Handed Over to Poles

LONDON, Aug. 3.—(AP)—The Big Three carved vast territories out of eastern Germany and awarded them to Poland in fixing the Polish western frontier along the Oder-Neisse River line—at some points less than 50 miles from the centre of Berlin.

While leaving the final demarcation of the frontier to the peace conference, the three leaders have agreed to the immediate administrative and economic administration of Poland and adjacent areas of East Prussia and a big portion of Brandenburg.

DEVED BIG PORT
But the Poles were denied the big German Baltic port and shipping centre of Stettin, which had demanded Stettin lies on the west bank of the Oder. It remains German.

The Poles also received less than they had expected of East Prussia, the northern third of which went to Russia.

"On the whole, however, I think our government is satisfied," said an authoritative source closely connected with the Warsaw government.

"There was some expansion in the area," he added.

Polish sources were said to still hoped for some concessions regarding Stettin—possibly a free port with commercial passage granted to Poles and Czechoslovakians.

The Big Three decided that Poland's claims to reparations from Germany should not be paid separately, but instead from the share collected by Russia.

Plan Further Oil Activity in South

FootHills Oil and Gas Co., a subsidiary of Imperial Oil Ltd., have taken out the reservation. Preliminary work in the area is expected to start soon.

Recently New York oil capital entered the Wainwright field, when the Irwin Miller interests of that city reserved 15,000 acres of the "Vale Dome" structure.

Provincial Brief Is Being Prepared

The provincial government brief which will be submitted at the Dominion-provincial conference opening at Ottawa Monday has been completed and now is in the printer's hands, it was learned Thursday. The brief will be taken east Friday.

Mr. Manning announced Thursday that on account of Hon. R. Earl Ansley, minister of education, being in the east and preparing to attend the parley, it will not be necessary for Hon. A. J. Hooke, provincial secretary and minister of economic affairs, to attend.

Ministers who will attend the parley with Mr. Manning and Mr. Ansley are Hon. W. A. Fallow, minister of public works; Hon. Lucien Maynard, K.C., attorney-general, and Hon. Dr. W. W. Cross, minister of health and public welfare. Four senior departmental officials also will attend the conference.

SCHOOL FOR SOLDIERS—Canadian soldiers in Holland brush up on their civilian knowledge at Hoffmeister Hall, Groningen, where training is given to the men while awaiting repatriation to Canada. The school was opened by the Fifth Canadian Armored Division and named after its former commander, Maj-Gen. B. M. Hoffmeister. Commanding officer of the school is Major L. C. Van Tighen, of Strathmore, Alta.

VETERANS' AFFAIRS MINISTER IN ENGLAND—Hon. Ian MacKenzie, Minister of Veterans' Affairs, who is overseas in connection with rehabilitation problems, at London, England, where he arrived by air from Scotland and was met by Brig. N. E. McDonald, Deputy Quartermaster General at Canadian Military Headquarters. Shown here, left to right: Brig. McDonald; Hon. Ian MacKenzie; Col. G. W. Beecroft, representing the Canadian High Commissioner; G. C. Derby, western regional administrator of Veterans' Affairs; and W. S. Woods, Deputy Minister of Veterans' Affairs.

PROVIDE "HOME AWAY FROM HOME" FOR CANUCKS IN INDIA—Major and Mrs. John Brebner and their children, Billy and John, Jr., of Toronto, with their dachshunds at their home in Darjeeling, India. Major Brebner is with the Indian Medical Service in India and he and his wife have entertained many Canadians during their residence in India. Their children have never seen Canada, were born since Major and Mrs. Brebner left Canada in 1935.

INDIAN KNIGHTS HOLD PRIMITIVE RITUAL OF THE STONEYS' AGE-OLD SUN DANCE—Hands held up in supplication to the ancient gods for crops, peace, these members of the camp take part in the ceremony, chanting and praying under the leadership of Chief David Simson, who was chosen to conduct this year's Sun Dance of the

Stoney Indians in a hidden valley in the Rockies. One of the greatest and most solemn pageants, the sun dance is a prayer to the Great God Sun and Nature and is a ceremony to which white folk are very rarely admitted. Only full-blooded Indians are admitted to this ceremony which in previous years was the proving ground for an Indian to become a brave.

WHAT'S ALL HAPPENING TO WOMEN'S HAIR?—"Gruesome" describes the new tied-in-knot-on-top hair style, says New Jersey's Master Hairdressers' association president. Wearers "resemble Indian braves," he says.

Horrible thought, but bald pates and wigs are a possibility because the fad will cause weakening and eventual destruction of hair, the New Jersey man claims.

CUTTING RETORT—When Joseph E. Roohan, of Los Angeles, denied that he had mistreated his wife, Erminia, she countered with something new in courtroom evidence. Seeking a divorce, she brought in the scarred bedroom door with which she's pictured above, and told the court that her husband constantly threatened her life and repeatedly threw a butcher knife at her. He never hit her, she said, because she dodged behind the door.

GENERAL FOULKES RETURNS TO CANADA—Lt.-Gen. Charles Foulkes, CB, CBE, DSO, who commanded the First Canadian Corps in Italy and later in Northwest Europe, arrived at Rockcliffe airport, Ottawa, from overseas. After a period of leave Gen. Foulkes will assume the duties of Chief of the General Staff, at NDHQ. At the airport to meet the General were from left to right: Maj-Gen. H. A. Young, DSO, Quartermaster General, Maj-Gen. R. R. Gibson, CBE, VD, Vice Chief of the General Staff, Lt.-Gen. Foulkes, Lt.-Gen. J. C. Murells, CB, CBE, Chief of the General Staff and Major-Gen. A. E. Walford, CBE, MM, ED, Adjutant-General.

MILLIONTH FRENCHMAN TO RETURN HOME FROM GERMANY—Man in a million is Jules Carron, standing in that car to receive the cheers of his fellow Frenchmen as he arrives in Paris in state—the millionth Frenchman to be liberated and returned from years of captivity and slavery in Germany.

RIGHT ON THE BUTTON—Japanese war lords have invoked the aid of spears and blowguns in the civilian defence of Nippon in the coming invasion. Canada, with 35,000 archery enthusiasts and more by the year, could give the Sons of Heaven a tidy tussle on their own footing. As an example of how to lay it in on the button, witness Ethel Hyman, left, and Mona Pope, members of the archery club of de Havilland, Toronto, makers of the Mosquito bomber. The club has its own range.

CHURCH TWISTED, COTTAGE LANDS IN LAKE DURING CYCLONE IN NORANDA, QUE.—Twisted out of shape by the Noranda district cyclone on July 24, the Roman Catholic church at Arnpfield will have to be rebuilt

at a cost of \$5,000. Lifted by the wind this cottage landed in Lake Dufault, 200 yards from shore, causing the death of two-year-old Pierrette Gignac. Other members of the family were saved.
